I am an avid computer science engineer and a programmer. I have been involved in this field for about 5 years and have worked on many projects in various fields. Being confident about myself and passionate about my field, I keep myself ready to learn new things and aspire to strive for excellence in this domain.

PROJECT WORKS 🗗

- *Worked on creating an **automatic reminder system** for international students cell(FRRO) at Parul University.*
- *Worked on creating a **news website** which uses crawler to fetch news in real-time and filters the relevant news. (with a project-mate)*
- ***Application for detecting color of the image** using machine learning and image processing. (with a project mate)*
- *Currently working on creating a **GUI IDE for Python**. (with a project-mate)*
- *Curretly working on my final year project where we are creating an **AI based feedback portal system** which interacts in a human-friendly manner.*

EDUCATION

- ### Bachelor of Technology
  Parul University

  07/2015 - present   *Vadodara, Gujarat, India*
  Computer Science and Engineering

ACHIEVEMENTS

- Member of **CodingPrivacy** organisation
  https://codingprivacy.github.io

- **Machine learning** by Stanford University on Coursera (03/2017 – 10/2017)
  https://goo.gl/PzpjHi

- Introduction to **RPA**
  Automation Anywhere National Workshop
  https://goo.gl/Ceb8hk

- Bots in Business: How RPA Solves Real-Life Business Challenges
  Automation Anywhere National Workshop
  https://goo.gl/Kx3jWh

- Attended **SciPy India Conference** 2017
